## Algeciras OPL operation:

This is the most usual operation done in this area. This allows crew changes, provisions, stores, spares supplies with minimal delay to ships crossing the strait.

### Benefits:

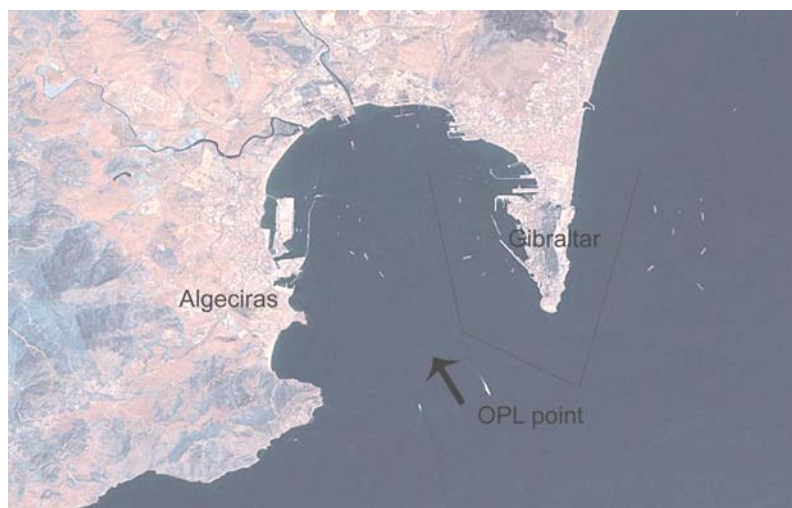

- Low cost (free of port dues)
- Minimal delays
- 24 hrs servicing—365 days
- Possibility of landing ship spares / samples / etc.
- We coordinate the delivery with all your suppliers (paints/chems/etc.)

However this type of operation is subject to weather conditions, and don't permit luboil supplies, fresh water, and bunkers. In these cases, consulting "C" anchorage bay.
